

Integrating ProfitLayers[®] with John Deere Operations Center – From ProfitLayers[®]

This one-time integration allows you to connect your John Deere Operations Center account to your ProfitLayers[®] account. The integration will automatically load and process your precision data and field boundaries from John Deere Operations Center. Completing the integration can take as little as 5 minutes, and once completed, your data will be processed and ready to use in building profit maps and analysis in the ProfitLayers[®] interface. Begin your integration from ProfitLayers[®] by following the steps below.

Initiate Your Integration

1. Visit the Integration Portal at <u>https://profit.ag/integrate</u>.

- 2. Review the Terms of Use and Privacy Policy, then select the check box to agree.
- 3. Select the John Deere Operations Center logo.
- 4. A new window will display. Enter your John Deere Operations Center account credentials, then log in.

Manage Connection Access

9. After the integration has been initiated, please verify and manage the access levels of the Ag-Analytics connection with John Deere Operations Center. This final step will ensure Ag-Analytics has permission to import all necessary data into your ProfitLayers[®] account. To verify access levels, sign into John Deere Operations Center, and navigate to the Connections page (visit <u>connections.deere.com</u>).

10. Please select your desired Organization by using the dropdown menu in the upper right corner; you will be updating connection access levels for the selected Organization.

11. To manage the connection access levels, find the Ag-Analytics card and select "Manage."

12. Access levels will be displayed for your connection with Ag-Analytics. There are six types of access: Basic Access, Equipment, Organization Management, Locations, Work, and Financial. Please verify that each access type is set to the maximum access level, as described below.

Access Type	Access Level Required
Access	Can Access
Equipment	Level 3
Organization Management	Level 2
Locations	Level 3
Work	Level 2
Financial	Level 2

13. To edit your access levels, select "Edit" in the lower right corner of the pop-up screen. The display will update to show the access types in an editable format.
