

# Integrating ProfitLayers® with Climate FieldView

This one-time integration allows you to connect your Climate FieldView account to your ProfitLayers® account. The integration will automatically load and process your precision data and field boundaries from Climate FieldView. Completing the integration can take as little as 5 minutes, and once completed, your data will be processed and ready to use in building profit maps and analysis in the ProfitLayers® interface.

## How To Begin Your Integration

1. Visit the Integration Portal at <https://profit.ag/integrate>.

2. Review the Terms of Use and Privacy Policy, then select the check box to agree.
3. Select the Climate FieldView logo.
4. A new window will display. Enter your Climate FieldView account credentials, then log in.

Log in with FieldView

## CLIMATE FIELDVIEW

This website would like to:

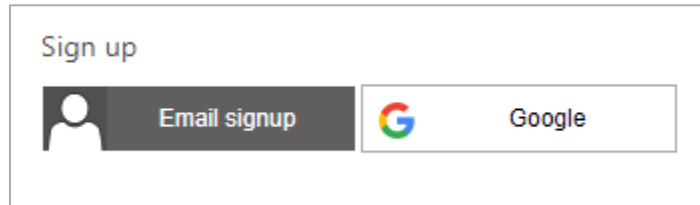

- Retrieve application activities from FieldView
- Retrieve harvest activities from FieldView
- Retrieve planting activities from FieldView
- Retrieve farm organization information from FieldView
- Retrieve field information from FieldView
- Create and update fields in FieldView
- Retrieve basic account information from FieldView (such as name and email)
- Send prescriptions to FieldView

By clicking Allow, you allow this app and Climate FieldView to use your information in accordance with their respective [Terms of Use](#), [Privacy Policy](#) and [End User License Agreement](#).

Cancel Allow

6. The page will redirect to a sign-up portal, where you can sign up or sign into your ProfitLayers® account. There are several options based on situation. **Note:** If you were already signed into your existing ProfitLayers® account, skip to Step 8.
  - a. “Email Signup” – Use this option to create a ProfitLayers® account using your email address, or if you already have a ProfitLayers® account.
  - b. “Google” – Use this option to create a ProfitLayers® account that is linked to your Google account.

7. After selecting an option, follow the relevant signup or sign-in process.
  - a. After selecting “Email Signup”, complete the fields, then select “Create” to create your account.

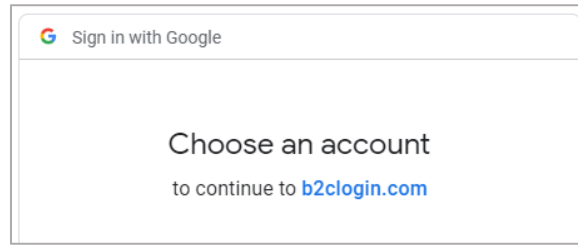

The image shows a registration form with the following fields and instructions:

- Email Address:** Please enter a valid email address.
- New Password:** The password must be between 8 and 64 characters.
- Confirm New Password:**
- Given Name:**
- Last Name:**
- City:**
- State/Province:**
- Country/Region:** A dropdown menu with 'Country/Region' selected.

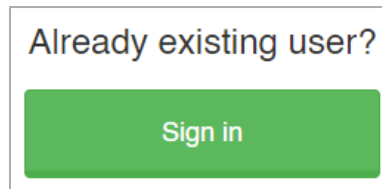

At the bottom of the form are two buttons: a green 'Create' button and a white 'Cancel' button.

- a. After selecting “Google”, select your Google account to create your ProfitLayers® account with.

- b. Alternatively, select “Sign In” to sign into your existing ProfitLayers® account.

8. Once you create or sign into your ProfitLayers® account, the page will redirect to Integration Status tracker in ProfitLayers®. The integration will continue to process your data and will automatically close this status tracker when processing is complete.

### YOUR INTEGRATION ✕

**Integration Status:** Processing

**Last Updated:** Mar 19, 2021 2:06:28 PM EST

**Source:** Climate

This automatic, one-time integration process may take longer depending on the number of fields and operations integrated.

- 1 LOADING FIELD BOUNDARIES ✓
- 2 LOADING OPERATIONS
- 3 PROCESSING OPERATIONS
- 4 INTEGRATION COMPLETE

---

Thank you for integrating. In the meantime, explore some other tools and services.

#### DATA LAYERS™

- Field level soil data (SSURGO and POLARIS) and elevation maps
- Satellite NDVI and growth metrics (weather, precipitation, warmth)
- ACCESS FOR FREE!**
